With FlexCore Technology, the 440NX Flex is 25% lighter offering effortless handling and extra flexibility where frequent cleaning is essential, especially in compact, high-traffic spaces.

Designed for fast, effective and sustainable cleaning across hard floors, in high-congestion areas where traditional methods fall short.

Lightweight and easy to use, the Flex leaves floors clean, dry, safe and streak-free, whilst reducing labour costs by 70% and water use by 80%.^{*1}

Key Features & Benefits

Lighter, Effortless Handling

Reduce operator strain with 25% lighter handling and extra flexibility in high-congestion, hard-to-clean compact areas.

FlexCore Technology

A high-strength flexible core delivering optimum torque transfer when in use. This design eliminates bearings and dirt traps, reducing maintenance and extending longevity beyond conventional joints.

One-Pass Performance

One-pass cleaning performance is achieved by applying brush pressure and a powerful drive motor with the right amount of water in the right place.

Easy Cleaning Park-Up Mode

The park-up feature allows users to quickly park the machine to move obstacles or carry out other cleaning tasks.

3-Year Warranty

Backed by a rock-solid 3-year warranty, guaranteeing dependable performance and long-term reliability, clean after clean.

Enhanced Sustainability

Leading sustainability with the use of ReFlo recycled plastics, saving over 5000L of water^{*1}, reducing water usage by 80%, and lowering energy consumption. The 440NX Flex is made using a minimum 20% recycled plastic content, including accessories.^{*2}

One Fits All Productivity

The NX300 Pro Cordless Network brings the convenience and performance of professional cordless cleaning across our growing interchangeable battery range.
