P.O.G. (PAINT, OIL AND GREASE REMOVER)

FOR PROFESSIONAL USE ONLY

Specially designed for removing paint, oil and grease type stains from textiles such as carpets, upholstery and drapery.

General Usage

1. Do not dilute. Use product directly from the container.
2. Test for colourfastness in an inconspicuous area.
3. Apply P.O.G. to a clean, white absorbent cloth, not directly to the textile surface.
4. Blot area working from the outside of the spot and moving towards the centre.
5. Blot area with a clean white cloth.
6. To ensure no residue remains, clean area using a quality hot Chemspec detergent or blot with Chemspec's P.O.G. Rinse
7. After treating area with P.O.G. Rinse, flush entire area with hot water extraction and detergent or rinse and wet vacuum dry.

Hints and Tips

Use as part of the spot removal technique for the following types of spots*:

Ink (fountain pen and artist's ink), lipstick, colour or permanent markers, candle wax, nail polish, oils, oil paint, water and latex paints, crayons, shoe polish, tar, asphalt, furniture stain, etc.

*For full details on the procedures above see the Chemspec Spotting Guide.
